8) Subject to Kolhapur Jurisdiction.

Managing Director
SPECIFICATIONS
BRIEF INTRODUCTION OF WORK -

We intend to install double deck milk crate conveyors for conveying empty and filled plastic milk pouch crates at our milk packaging station at Vashi (Navi Mumbai). Existing old crate conveyors are to be removed and new crate conveyors are to be installed at same place. Therefore, for interested bidder, it is very necessary to visit the site to study the exact requirement & site conditions.

Technical details given here are for giving idea about our functional requirements. However bidder can offer a system with better efficiency to convey crates.

|       | Note – If it is not possible to drive the track chain with two tier filled conveyor drive, it is required to provide suitable separate drive & motor to drive the chain.  
|       | 14.1 Mtrs (3 Nos)  

Above technical details are given to get idea about our requirement. Interested parties should take note of below mentioned conditions.

**Terms & Conditions** -

1. Two sets of equipment drawing with measurement are required to provide along with technical bid.
2. Guarantee - 12 months from date of installation & commissioning
3. Power will be provided at one point by sangh.
4. Performance trial will be conducted for period of one week & representative should remain present during trials.
5. Since new crate conveyors are to be installed at a place of existing crate conveyors, it is necessary to carry out erection & commissioning of new conveyors as per shut down schedule given by us to avoid disturbance to milk packaging process.
6. Above Specifications are as per existing conveyor. Before quote, bidder should visit the site.
7. Necessary care for safety of workers during carrying out work is to be taken by the bidder. Sangh will not be responsible for any casualty during erection - commissioning work.
